

# Become european math champions

ERASMUS project

# First day

## Welcome ceremony

In my first day on the experience from Greece, we had a welcome ceremony. There were dances, music, and a wonderful tour of Levadia. We saw lots of markets and we solved a riddle. We tested our familiarity with fractions, we mastered our english and had lots of fun.

# Second day

## The Parthenon

On our second day, we went to the acropola and visited the museum and the Parthenon. There were so many owl nests! Then we had some free time, so we can probably buy some souvenirs.

# Third day

School activities

On the third day, we went to the 4th school of Levadia and we played fun and educational games like tic-tac-toe outside or some exercises with fractions, lots of fun.

## Fourth and last day

Farewell dinner

On our fourth day we visited Delfi, a wonderful place lost in ruins. Then we went to the hotel and took a shower and preparing for the farewell dinner.
